Bachelor of Science in Business, Additional Major in Mathematics *Expected May 2030*
Coursework: Concepts of Mathematics, Matrices and Linear Transformations
Activities: CMU Quant Club, CMU Math Club, Scottie Ventures, Poker Club

GARNET VALLEY HIGH SCHOOL Garnet Valley, PA
Valedictorian, GPA: 4.30/4.00 weighted, 4.00/4.00 unweighted *June 2026*
Coursework: Multivariable Calculus, Calculus II, AP Statistics, AP Computer Science A, AP Microeconomics, AP Macroeconomics
Activities: Future Business Leaders of America, Science Olympiad, National Honor Society, Finance Club, Bring a Smile Club, Marching Band

PROJECTS

PREDICTION MARKET TRADING SYSTEM Python, SQLite
Kalshi and Polymarket Weather Markets Trader *November 2026 - Present*
- Built paper-trading bots for both venues with hard risk limits, queue-aware maker fill simulation, and ∼1s repricing on new weather reports
- Backtested all strategies on 16,000+ resolved events, and the top maker strategy returned +4.2% out of sample (95% CI: +2.6% to +5.8%)
- Showed calibrated forecasts for all 65 stations lost to market prices (log loss of 0.212 vs. 0.178), so we pivoted toward microstructure edges

MSCF x CMU TRADING COMPETITION Python
Bot for Rotman Interactive Trader Volatility and ETF Arbitrage Cases *September 2026*
- Built an options bot that solved implied volatility on 10 European options via Black-Scholes and traded the mispricings with delta hedging
- Built an ETF arbitrage and market-making bot that priced tender offers against basket value and stayed profitable across all 31 practice heats
- Replayed 100+ recorded heats to compare all strategy variants, and my volatility bot earned a median profit of $125,000 per practice heat

FINANCE AND QUANTITATIVE TRADING EXPERIENCE

INTRODUCTORY FINANCE SOCIETY Pittsburgh, PA
Trade Pitch *October 2026*
- Won 1st place in the October trade pitch competition by pitching a long Mosaic (MOS) / short CF Industries (CF) fertilizer-sector pair trade
- Proposed a June 2027 MOS $20/$27.50 bull call debit spread and a CF $130/$150 bear call credit spread to cap downside risk on both legs
- Applied Black-Scholes pricing, dollar-delta hedging, 400,000 Monte Carlo simulations, and half-Kelly position sizing to stress-test the trade

SUSQUEHANNA INTERNATIONAL GROUP Bala Cynwyd, PA
Quantitative Trading Discovery Program *2026*
- Selected for a first-year program at a leading global market maker covering trading, probability, quantitative analysis, and market structure
- Applied expected value and decision-making frameworks to probability problem sets modeled on the trade-offs market makers weigh daily
- Studied order execution, pricing, and market structure across 3 market-making themes through hands-on workshops alongside SIG traders

AI AND MACHINE LEARNING RESEARCH Northeastern University
Lead Researcher on a three-person team, advised by a Northeastern University professor *2024 - 2025*
- Benchmarked 5 language models, including FinBERT, FinGPT, GPT, RoBERTa, and LLaMA, using financial text and its sentiment labels
- Designed a workflow comparing model outputs across non-macro market data, financial text, and predictions to locate each model's edge
- Directed a 3-person team, prepared an MSAST 2025 submission, and synthesized our findings into a final written report for faculty review

BAYMONT BY WYNDHAM Milesburg, PA
Finance and Operations Intern *2024 - 2025*
- Built dynamic pricing models from seasonal demand, competitor rate positioning, and booking patterns to inform nightly revenue decisions
- Guided room-level pricing with the model outputs across all room types, contributing to a 9.3% increase in total room revenue for the hotel
- Prepared ROI analyses supporting $520,000 in renovation and investment decisions across hotel operations and long-term capital projects

LEADERSHIP EXPERIENCE

FUTURE BUSINESS LEADERS OF AMERICA Anaheim, CA
Region President *2022 - Present*
- Directed a region of 15+ schools and 1,000+ members, coordinating programming, competitive events, and chapter support all year round
- Organized a regional conference for 700+ student attendees, planning the event schedule, competition logistics, and volunteer coordination
- Raised $2,000+ in sponsorships from local business partners to fund conference programming, materials, and awards for student members

CATALYST BUSINESS ADVISING SERVICE Philadelphia, PA
Founder and President *2023 - Present*
- Founded and managed a 40+ member team providing pro bono financial modeling and pitch-deck consulting to early-stage entrepreneurs
- Supported 15+ businesses across 4 countries through market research, financial analysis, and strategic recommendations to their founders
- Recruited and trained new student consultants in financial modeling and pitch-deck design, then matched them to new client engagements

AWARDS

- FBLA National Champion: 1st/∼500 teams in Financial Statement Analysis at the 2025 National Leadership Conference in Anaheim, CA
- CMU MSCF Trading Competition: won Most Active Trader (1st of 170+ participants) and the Largest Comeback award at the competition
- Science Olympiad: won 1st place at the UPenn Invitational, 1st place at the Princeton Invitational, and 3rd place at the PA State Tournament
- Varsity Ultimate Frisbee: named Best Defensive Player (1 of 60 varsity players), recording 13 points, 24 assists, and 3x Man of the Match
